

## **2021 Pricing on Match My Coach**

At MatchMySound™ we recognize that no two choirs are alike, we have created two pricing options to offer choirs and organizations a pricing structure that works best for them. Both options provide full access for both directors and choir members to all of the features of My Choral Coach, including future updates and new features at no additional cost. These pricing options will be in place after 12/31/2020.
