

## **K-12 SOLUTION**

For K-12 choirs, the MatchMySound™ technology that powers My Choral Coach is accessible from two of our partners, Noteflight Learn, which is using the technology under the product name SoundCheck, and MusicFirst, whose product PracticeFirst utilizes our technology.

Each will offer different pre-loaded repertoire but both will have all of the same features and functionality as My Choral Coach. Both companies have a long history in the K-12 community and are compliant with most districts' security and privacy policies as well as integration into many LMS systems used for distance learning.

For more information please contact MusicFirst here: [PracticeFirst](#) or Noteflight here: [Noteflight Learn](#)
