

## MY CHORAL COACH | 2021 Pricing

At MatchMySound™, we recognize that no two choirs are alike, so we have created two pricing options to offer choirs and organizations a pricing structure that works best for them. Each option allows full access - for both directors *and* choir members - to all of the features of My Choral Coach. These pricing options will go into effect January 1, 2021.

Note: Any and all future updates / features will be included at no additional cost.
